Professional Summary

GTM engineer with five years of operating background. Built outbound systems, RevOps infrastructure, and LLM-based tooling at a Series B → D startup that grew 10x. Intuition at both the sales rep level and the systems level.

Experience

Independent, GTM Engineering & Advisory

Sept 2025 - Present

Time spent focused on advisory engagements, and building GTM pipeline systems and RevOps AI workflows

- Built 6-component lead scoring and outreach pipeline integrating HubSpot, PDL, scikit-learn, FastAPI, Streamlit, Postgres, and Claude API, running on live CRM data
- Built three-pass LLM sales call scorer separating rep performance, coaching feedback, and opportunity fit so deal quality is evaluated independent of rep execution

Chapter

May 2022 - Sept 2025

Growth Lead (2024 - 2025)

- Built outbound engine responsible for majority of partnership revenue as Chapter grew 10x from Series B to D
- Hired, trained, and led BDR team to 180% of quota, scaling outbound across financial services and health systems
- Built outreach system that grew influencer channel from 5% to 60% of partnerships revenue across 140 creators
- Designed field sales motion for Edward Jones referral partnership, accelerating financial advisory adoption 3x

Partnerships, Associate → Manager (2022 - 2024)

- Built 0 → 1 RevOps infrastructure: CRM architecture, data hygiene processes, and full stack deployment (HubSpot, Salesloft, ZoomInfo, Nooks, Clay) — the systems the GTM team scaled on through Series D
- Built health system sourcing motion; \$95M in qualified pipeline & team signed 3 of top 5 U.S. systems in first year
- Scaled financial advisor vertical to 8 of top 10 firms, driving 3x ARR growth and 94% partner retention
- Owned new partnership launch, implementation, and 100% retention for new vertical accounts

McAdam Financial

May 2020 - May 2022

Financial Advisor

- Built book of business from scratch and managed ongoing retention rate of 100%
- Selected to teach class on cold calling tactics within first 3 months of employment based on conversion ratio

Education

Boston University

May 2020

BA in Neuroscience
